NORTHWEST VISTA COLLEGE DIGITAL VIDEO & CINEMA PRODUCTION ASSOCIATE OF APPLIED SCIENCE DEGREE PLAN 2009-2010 Catalog

The Digital Video & Cinema Production program prepares students for careers in the growing film & video industry. Graduates from the program go on to have jobs in the video industry such as: production manager, producer/director, video editor, sound editor, compositor, camera operator, cinematographer, and screenwriter. Students in the program use the same state-of-the-art equipment and software currently in use in the industry. The training and class assignments have students shooting, editing, and producing their video and cinema projects within their first semester.

The Associates of Applied Science degree is recommended for students who wish to eventually pursue a Baccalaureate degree or a management position in industry. The academic courses included in the A.A.S. degree will transfer on to Baccalaureate institutions and provide a broader training for industry.

NOTES: A course may be used only once to fulfill degree requirements.

A grade of C or higher is required for all prerequisite and technical courses.

While a grade of D or higher will satisfy NVC degree requirements for non-prerequisite courses, most institutions require a grade of C or higher in order for a course to be considered for transfer.

Check with the transfer institution to ensure that the courses taken at NVC will apply to the appropriate degree program.

*Select courses from the Core Curriculum selection list when specific courses are not listed.
